

Quality Labels, Effective solutions

SERVE IT

Safe & Fresh

FOOD PREP LABELS COME IN A VARIETY OF ADHESIVE OPTIONS:

- Regular Removeable:** removes easily from glass, plastic, and metal containers. Reduces labor and time used to remove adhesive residue from containers.
- Ultra Removeable:** can be repositioned and cleanly comes off most surfaces without leaving behind residue. Great for re-useable containers. Can be transferred when food is moved from one container to another.
- Dissolvable:** biodegradable paper that dissolves completely in seconds when immersed in normal tap water of any temperature. Will adhere to hard plastics, stainless steel, + glass. Eliminates sticky residue that other adhesives leave behind that harbor unwanted bacteria. Performs best when avoiding high moisture areas, steam, and condensation.
- All Temperature Permanent:** best solution for freezer application, such as frozen containers, corrugated cardboard, disposable containers, plastic wrap, and foil.
